CAUTION - RISK OF FIRE
This product must be installed in accordance with the applicable installation code by a person familiar with the construction and operation of the product and the hazards involved.
Use minimum 90°c supply conductors.

Install the Fixture

FIXTURE

MOUNTING PLATE

FIXTURE SCREW

1   Remove the fixture screws located on the top and bottom of the fixture base using a screw driver, then remove the mounting plate from the fixture base.

2   Install the mounting plate onto the electrical box with the two #8-32 screws provided.

3   Connect the fixture to suitable ground in accordance with local electrical codes.

4   Connect the white fixture wire to the neutral power line wire with a wire nut.

5   Connect the black fixture wire to the hot power line wire with a wire nut.

6   Properly place all wires and wire nut connections into the electrical box, mount the fixture back onto the mounting plate, and reinstall fixture screws (reversal of step 1).
