

# Unilume LED Slimline

title  
24

WHITE  
(SHOWN OFF)

BLACK  
(SHOWN ON)

## DESCRIPTION

Utilizing tightly clustered blue LEDs, a 98% reflective mixing chamber and an Intematix ChromaLit™ remote phosphor lens, the result is consistent illumination with ultra high efficiency – all in a housing that is less than 3/4 of an inch deep. An integrated LED driver makes installation easy and allows smooth dimming down to 15% using a standard or ELV dimmer. Available in three color temperatures: 2700, 3000 and 3500K, and choice of black or white housing.

## INTEGRATED DRIVER AND SMOOTH DIMMING

120 volt input makes installation easy. Smooth dimming down to 15% using ELV dimmer. Jumper cables make it easy to link one unit to another (sold separately). Each unit has an integrated on-off switch.

## TECHNICAL SPECIFICATIONS

	7" Length	13" Length	19" Length	31" Length
