Akova Ceiling LED T20

DESCRIPTION

Inspired by mid-century design, the Akova ceiling light from Tech Lighting elevates the simple sphere into an elegant contemporary statement. Distinctly divided into three unified regions, each fixture features a metal housing available in three on-trend finishes that is briefly separated from an incredibly smooth acrylic diffuser by a complementary decorative metal band. This contemporary ceiling light has real presence in the spaces it illuminates, especially when used in combination with coordinating Akova wall sconce lights or Akova pendant lights within a contemporary kitchen, dining room or hallway. Includes 14 watt, 640 delivered lumens, 2700K LED module. May be mounted on wall or ceiling. Dimmable with most LED compatible ELV and TRIAC dimmers. 120V.

INSTALLATION

This product can mount to either a 4" square electrical box with round plaster ring or an octagonal electrical box (not included).

WEIGHT

2-2.5lb / 0.91-1.13kg ±

aged brass / bright brass matte black / bright brass
