

Bodiam 24 Suspension LED

DESCRIPTION

Inspired by large medieval cast iron chandeliers, the Bodiam chandelier by Tech Lighting features a thick outer metal ring that houses dual stacked rows of inward firing LEDs. These LEDs are treated with a special linear spread diffuser to create a unique twinkling effect while evenly distributing the light and minimizing glare. With a glare-free light distribution the Bodiam chandelier is ideal for family room lighting, foyer lighting and a number of commercial lighting applications. The 24- and 30-inch diameter Chandeliers are offered in three finishes and the Bodiam 48-inch diameter chandelier is offered in two finishes. Install independently or clustered together for an enhanced look. Lamping options are compatible with most dimmers. Refer to Dimming Chart for more information. Includes 15.1 watt, 1062 delivered lumens, 3000K LED module. Dimmable with most LED compatible ELV and TRIAC dimmers. Fixture provided with twelve feet of field-cuttable cable to match finish selection.

INSTALLATION

This product can mount to either a 4" square electrical box with round plaster ring or an octagonal electrical box (not included). Minimum Hanging Height: 24"

antique bronze

satin nickel

brass
