

Briolette Pendant LED  T20

DESCRIPTION

The Briolette pendant light from Tech Lighting features a classic teardrop shaped glass that has been hand finished with unique semi-opaque facets. The clustered facets create visual interest while subtly obscuring the light within making this fixture ideal for kitchen island task lighting, dining room lighting and bedroom lighting. For even greater design expression pair the Briolette pendant with a multi-port canopy for a uniquely designed chandelier. The Briolette is available in three modern colors and two on trend finish options. Your choice of energy efficient LED, Xenon or halogen lamping ships in the box saving you time and money. Includes (1) 50 watt low-voltage GY6.35 base Xenon bi-pin lamp or 8 watt replaceable 500 lumen 90 CRI 3000K LED SORAA® module and 6' of field-cutable suspension cable. For use with 24 volt transformer, add suffix "-24" to item number (LED lamp option is not compatible with 24 volt transformers). Works with SORAA.
