

# WALL COLLECTION

## Cafe Wall LED ADA T20

### DESCRIPTION

The Cafe wall sconce by Tech Lighting is ultimately simple and undeniably stylish. This LED wall sconce provides bi-directional illumination from its gently angled shade mounted to a slim metal back plate. Light illuminates from the top and bottom of the Cafe allowing for a surplus of light to spill on the surrounding surfaces. The Cafe sconce scales at 4.2" in width and 5" in length making it an ideal solution for bathroom lighting, hallway lighting and bedroom lighting flanking two end tables. For even further design freedom the Cafe sconce can be mounted vertically or horizontally. Your choice of fully dimmable LED lamping ships with the Cafe saving you both time and money. Includes 12 watt, 255 delivered lumen, 3000K LED module. Dimmable with low-voltage electronic dimmer. May be mounted vertically or horizontally ADA compliant.

### INSTALLATION

This product can mount to either a 4" square electrical box with round plaster ring or an octagonal electrical box (not included).
