

CEILING COLLECTION

Centric 6 Ceiling

DESCRIPTION

The Centric 6 ceiling light from Tech Lighting instantly contributes a modern vibe to any space it graces. This unique ceiling light is constructed of two concentric circular metal discs – the first being an ultra-slim backplate offered in two diameters, the second being a floating suspended disc which houses the upward-firing LED light source. Together, they create a visually alluring combination of shadow and light with smooth, fully dimmable indirect illumination perfect for hallway lighting, bedroom lighting, bathroom lighting, home office lighting or closet lighting. Finish options include a painted matte white finish for an incredibly minimalist look, or satin nickel plating for a decorative twist. Includes 14 watt, 456 delivered lumen, 2700K LED module. May be wall or ceiling mounted. ADA compliant. Dimmable with low-voltage electronic dimmer.

INSTALLATION

This product can mount to either a 4" square electrical box with round plaster ring or an octagonal electrical box.

WEIGHT

1.8-1.8lb / 0.82-0.82kg ±
