

LOW - VOLTAGE PENDANTS

Diz Pendant

DESCRIPTION

The Diz pendant light from Tech Lighting is best described as simply modern due to its slightly concave yet perfectly circular design. The transparent glass disk floats around the securely exposed MR16. The Diz can be mounted either up or down making it ideal for a host of consumer lighting applications such as kitchen island task lighting, bedroom lighting flanking two end tables and home office lighting. With three transparent color options and three on-trend hardware finishes the Diz is highly customizable to fit your unique space. Pair the Diz pendant with the Monorail system by Tech Lighting for greater design customization in your special space. May be mounted up or down. Includes low-voltage, 50 watt MR16 flood lamp and six feet of field-cutable suspension cable.

steel blue

INSTALLATION

Socket terminates with FreeJack male connector, which may be installed into a system connector. Elements ordered with a system prefix include a connector for that system. For use on T~TRAK, order FreeJack version and T~TRAK FreeJack Connector (sold separately).
