

DISPLAY & EXHIBIT

DJ-Wally Lite T20

DESCRIPTION

The DJ Wally Lite display head by Tech Lighting is clean and simple featuring an adjustable arm length and obtuse angled head. This practical and incredibly functional display head make the DJ Wally Lite an ideal solution for illuminating art, photos or even task lighting. This highly functional display head is extendable from 9"-25" and features a gently curved neck allowing for a full spread of light. Complementary accessories include colorful glass shields, barn doors and Louver Lens holders all of which further enhance the performance and aesthetic of this display head. The DJ Wally Lite is available in a sleek Chrome finish and accommodates a fully dimmable 12 volt MR16 lamp (sold separately). For a list of compatible dimmers please refer to dimming chart for more information. Pivots at head to direct beam. 12 volt, MR16 lamp of up to 75 watts (not included). Chrome finish. See accessory for maximum wattage usage.

INSTALLATION

Install a DisplayJack canopy or connector ports (sold separately) and push the DJ-Wally Lite's arms into the canopy or ports. After the show, pull out DJ-Wally Lite. The canopy or ports stay in place for next time with no need for an electrician.
