

LINE - VOLTAGE PENDANTS / SUSPENSION

Eros Line-Voltage Pendant

DESCRIPTION

The Eros pendant by Tech Lighting boasts a precision die cast aluminum body. The precision and detail serve a dual role as a geometrically striking design that details the heat sink. The black hardware finish gives the Eros a strikingly modern appearance, allowing it to blend subtly with other elemental design components. An optical grade pressed glass lens effectively distributes the output for excellent task lighting while eliminating horizontal glare. Scaling at 2.8" in width and 3.8" in length the Eros is ideal for kitchen island task lighting, family room lighting and home office lighting. Customize the Eros by selecting two energy efficient LED lamping options. All LED lamps are fully dimmable to create the desired ambiance. The Eros is compatible with Tech Lighting's MonoRail and Freejack Canopy systems for incredible installation flexibility. Includes 10 watt, 210 net lumen, 3000K or Warm Color Dimming 3000K-2200K LED module. Dimmable with low-voltage electronic dimmer. Fixture provided with six feet of field-cutable cloth cord.

INSTALLATION

This product can mount to either a 4" square electrical box with round plaster ring or an octagon electrical box.

WEIGHT

1.04lb / 0.47kg ±

black
