Gia Vanity Kit

LED ADA T20

DESCRIPTION

The Gia Vanity Kit by Tech Lighting is an all-encompassing mirror kit that allows you to create a truly custom lit vanity. A sleek plate of glass floats in front of a special co-extruded remote phosphor LED channel. This highly efficient LED channel provides an amazingly slim profile, less than 1-inch-deep, with a flawless even illumination and great color reproduction. This highly-configurable mirror kit allows for a range of vanity configuration options including your choice of glass color, lamp bar length and fully dimmable LED lamping. All lamping options ship with the Gia Vanity Kit to save you both time and money. The LED Channel provides an amazingly slim profile with flawless, even illumination and great color reproduction. Comes complete with 3.9watt/ft of LEDs to create 300lms/ft or 7.8 watt/ft of LEDs to create 600lms/ft available in 4 CCT options and 2 CRI options. Each unit ships complete with a 2" square/3" deep J-Box and requires a remote mounted transformer (sold separately). Transformer size based on total number of Vanity Kits powered on the transformer. Dimmable with low-voltage electronic dimmer.
