

LOW - VOLTAGE HEADS

Mini Om Head T20

DESCRIPTION

The Mini Om display head by Tech Lighting is simple in design but extremely functional and highly-customizable featuring modern contemporary customization possibilities. The Mini Om provides light where you need it the most with its 360° rotating head and 260° pivot. The lamping is neatly concealed within the head of the lamp and can be glare free when paired with any Tech Lighting glare-reducing lens shield (sold separately). This highly customizable display head features two on-trend hardware finishes and four distinct stem lengths. Enhance your space all the more by combining the Mini Om display head with a Tech Lighting free-jack or rail system. This low-voltage display head is ideal for commercial lighting applications such as retail stores, libraries and galleries. Low-voltage, MR16 lamp of up to 50 watts (not included). Accessory required. sold separately. LED Compatible.

INSTALLATION

Socket terminates with FreeJack male connector, which may be installed into a system connector. Elements ordered with a system prefix include a connector for that system.
