

LOW - VOLTAGE PENDANTS

Mini Ryker Pendant

DESCRIPTION

Elegantly simple with complex details, the silhouette of the Mini-Ryker pendant light from Tech Lighting provides a fresh take on warehouse-inspired design. The spun metal shade features varying angular planes to create depth and dimension to this light fixture. Its crisp inflections are softened by a matte, rubberized finish to complete the modern industrial aesthetic. Includes low-voltage, 50 watt halogen MR16 lamp or 6 watt, 435 deliverable lumen replaceable 95 CRI 3000K LED MR16 lamp and six feet of field-cutable cable. Works with SORAA.

INSTALLATION

Socket terminates with FreeJack male connector, which may be installed into a system connector. Elements ordered with a system prefix include a connector for that system.
