

5 YEAR WARRANTY

The industry's slimmest 250 watt surface transformer allows MonoRail to be suspended just 1" from the ceiling plane for a beautiful minimalist look. This versatile surface transformer is compatible with both LED and Halogen lamped 12v low-voltage pendants & heads and features die-cast aluminum construction with premium electronic components. Installation is simple with just three steps: 1) mount & wire 2) tighten the rail connector 3) snap the upper and lower canopies together.

Mounts to a standard 4" ceiling junction box with round plaster ring (provided by electrician). Only compatible with 1" rigid standoffs. Visit www.techlighting.com or consult the Tech Lighting Systems Ordering Guide for details on MonoRail and accessories. Now protected by an industry-leading 5-year warranty.

Product Features:

- Ultra-slim housing for a truly minimalist look
- Allows MonoRail to be installed just 1" from ceiling
- Fully dimmable using low-voltage electronic dimmer
- Compatible with both Halogen and LED fixtures
- Powers up to a 60' run of MonoRail when fed from center
- Easily installs directly to ceiling junction box
- Available in Satin Nickel or Antique Bronze finish
- 5-year warranty
