

LINE - VOLTAGE PENDANTS / SUSPENSION

Palestra Pendant

DESCRIPTION

Venetian artisans work with white glass rods to meticulously create a tightly wound spiral effect within clear glass, then rely on decades of craftsmanship to create a large, perfectly round globe that creates the simply stunning Palestra pendant light from Tech Lighting. An LED light source with a geometrically patterned heat sink was specially developed to contrast the organic swirling nature of the glass. Includes 120 volt, 60 watt G40 globe lamp or 14.5 watt, 1000 net lumen, 3000K LED module. Incandescent and LED versions dimmable with standard incandescent dimmer. Fixture provided with six feet of field-cuttable cable. Works with SORAA.

INSTALLATION

This product can mount to either a 4" square electrical box with round plaster ring or an octagon electrical box.

WEIGHT

11.13-13lb / 5.05-5.9kg ±

incandescent
