

# Sana Pendant

LED SORAA T20

## DESCRIPTION

Designed in natural concrete, the Sana collection adds industrial texture to contemporary urban spaces. The low-voltage cylindrical design is great for open-plan environments. Customize the Sana pendant by combining it with Tech Lighting's complementary systems, Monorail or Monopoint. Designed with a 2.5 inch diameter and satin nickel hardware, these pendants are great when installed in multiples. Complete your look by pairing with other fixtures from the Sana collection, an outdoor wall sconce and larger scale line-voltage pendant. Due to the elements of natural materials, the shade and texture may vary between fixtures. Rated for (1) 35 watt max. bi-pin lamp / Dimmable with low-voltage electronic or magnetic dimmer (based on transformer) (Not Included). LED 12 volt 8 watt, 250 delivered lumens, 3000K, replaceable SORAA LED MR16 lamp. Dimmable with most LED compatible ELV and TRIAC dimmers (based on transformer). Ships with 6 feet of field cuttable cable. Works with SORAA.

concrete/satin  
nickel
