

LINE - VOLTAGE PENDANTS / SUSPENSION

Sedona Grande Pendant

DESCRIPTION

The small scale of the Sedona pendant light from Tech Lighting doesn't even begin to inhibit this pendant light from making a dramatic statement, particularly when installed in clusters using Tech Lighting multiport canopies to make a custom chandelier. While each transparent clear and transparent smoke glass orb is perfectly spherical and smooth on the exterior surface, the interior surface features gradually thickening bands of glass which are artfully crafted by talented artisans to add alluring visual interest to your space. Two, fully dimmable vintage tubular style LED lamping options are not only energy efficient, but also allow you to customize these pendant lights to your desired ambiance. Includes 3.5 watt, 250 delivered lumen, 2200K or 2700K, medium base LED vintage radio lamp. Fixture provided with six feet of field-cuttable black cloth cord. Dimmable with LED compatible or triac dimmer.

INSTALLATION

This product can mount to either a 4" square electrical box with round plaster ring or an octagon electrical box.

WEIGHT

6-6lb / 2.72-2.72kg ±
