

LOW - VOLTAGE PENDANTS

Selina Pendant LED SORAA T20

DESCRIPTION

Created by the skilled hands of Venetian artisans the Selina pendant light by Tech Lighting is simply stunning with its smooth conical shape and rich opaque color. This cone shaped glass is crowned by a beautiful clear draw and glows brilliantly while providing soft accent lighting onto surfaces below. Your choice of either halogen or LED laming ships with the Selina saving you both time and money, both options are fully dimmable to create the desired ambiance in your special space. Due to its modest scale and optimal task lighting capabilities, the Selina is ideal for kitchen island task lighting, bedroom lighting flanking an end table or bathroom lighting flanking a vanity. Includes low-voltage, 50 watt halogen bi-pin lamp or 8 watt, 300 delivered lumen, 3000K, replaceable SORAA® LED module and six feet of field-cutttable cable. Dimmable with low-voltage electronic or magnetic dimmer (based on the transformer). Works with SORAA.

steel blue

INSTALLATION

Socket terminates with FreeJack male connector, which may be installed into a system connector. Elements ordered with a system prefix include a connector for that system.

ACCESSORIES & OPTICAL CONTROLS

SORAA® LED Bi-Pin Replacement Pendant Module, Swag Hook
