

Tellium LED Head LED T20

DESCRIPTION

The Tellium display head by Tech Lighting combines simplicity with practical technology. The simple display head puts light where you need it by allowing for a full 360° head rotation and 90° pivot to direct light beam to the desired location. The Tellium head is available in four finishes and can be customized to hang at four distinct stem lengths. Further customize the Tellium by combining it with the complementary Monorail or Monopoint systems by Tech Lighting. This low-voltage display head is ideal commercial lighting applications such as retail stores, libraries and galleries. Available as an integrated LED or ships with an integrated lens holder to accommodate two dimmable MR16-size Glass Lenses or Eggcrate Louvers (both sold separately). Ships with 12 volt 8 watt, 800 delivered lumens, 3000K, field replaceable LED module. Dimmable with most LED compatible ELV and TRIAC dimmers. ^A
