

LOW - VOLTAGE PENDANTS

Topo Pendant LED SORAA T20

DESCRIPTION

The Topo pendant light from Tech Lighting is simple in design yet elegant in visual aesthetic. The modern drum shade is elevated to a richer, warmer dimension with a sophisticated combination of fabric and wood. The bands of wood trim are spline-joined around the circumference of the shade – a very delicate feat of quality craftsmanship. A white diffuser is perfectly placed within the shade to ensure even light distribution onto surfaces below. Shade options include, Heather Gray and White, along with two wood trim options and three on-trend hardware finishes, allowing full customization for your unique space. Available lamping options include energy efficient LED or no-lamp, leaving you the option to light this fixture with your preferred lamping. Includes low-voltage, 50 watt halogen bi-pin lamp or 8 watt, 300 delivered lumen, 3000K, replaceable SORAA® LED module and six feet of field-cuttable cable. Dimmable with low-voltage electronic or magnetic dimmer (based on transformer). Works with SORAA.

INSTALLATION

Socket terminates with FreeJack male connector, which may be installed into a system connector. Elements ordered with a system prefix include a connector for that system.

ACCESSORIES & OPTICAL CONTROLS

SORAA® LED Bi-Pin Replacement Pendant Module, Swag Hook
