

Two-Circuit T~TRAK 4" Round Power Feed Canopy without Connector

DESCRIPTION

Power feed canopy mounts to a ceiling junction box located directly above the Two-Circuit T~TRAK™ and is used to power system from any point along a track section. Select the appropriate length to match the specified drop for the system. Lengths longer than 2" are field-cutable. For projects designed to meet energy efficiency standards determine the maximum amperage required on the circuit and specify the correct current limiter.
