

Flexible Power Feed with 4" Round Canopy

tt_4in_rd_flex_pfcpy_spec.pdf

Shown approximately 10% actual size.

DESCRIPTION

Flexible power feeds with canopy bring power from a ceiling or wall mounted junction box to the Single-Circuit T~TRAK™ when the junction box is not located directly above or at the end of the track. Each includes 12' of field-cutable flexible conduit. Available in two styles: center feed can be used to power the track anywhere within the run; end feed powers the track from the end of the run. **For projects designed to meet energy efficiency standards determine the maximum amperage required on the circuit and specify the correct current limiter.**

INSTALLATION

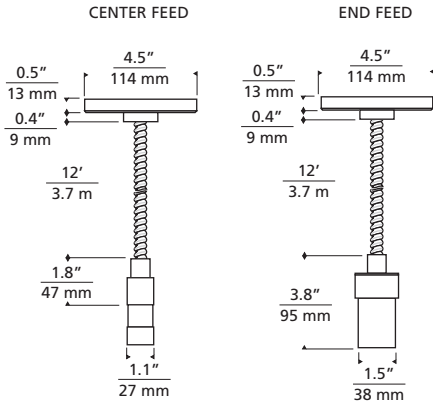

This product can mount to either a 4" square electrical box with round plaster ring or an octagon electrical box (not included).

FINISH

Satin nickel, white.

WEIGHT

4.00 lb./1.80 kg. ±
