

Simple elegance is taken to a whole new level with the Voto bollard. A minimalist die-cast metal body is topped with a symmetrical reveal cut from a solid piece of optically pure acrylic. Beautiful LED light pours from the bottom of the thick-cut acrylic to provide ample illumination.

High quality LM80-tested LEDs

for consistent long-life performance and color

Outstanding protection against the elements:

- Marine-grade powder coat finishes
- Stainless Steel mounting hardware
- Impact-resistant, UV stabilized frosted acrylic lensing
