

FLUSH & SEMI-FLUSH MOUNT

Wynter Square Flush Mount Ceiling

DESCRIPTION

Modern minimalist design exudes from the versatile and efficient Wynter LED flush mount ceiling light from Tech Lighting. A precisely executed acrylic shade provides an incredibly smooth wash of light as it is intentionally interrupted by negative space in the center of the fixture for visual contrast. Three sizes offer designers the opportunity to address scale in spaces that demand larger solutions. Small includes 15 watt, 400 net lumen, 3000K LED. Medium includes 30 watt, 800 net lumen, 3000K LED. Large includes 60 watt, 2000 net lumen, 3000K LED. Dimmable with low-voltage electronic dimmer. May be wall or ceiling mounted. Suitable for wet locations. ADA compliant.

INSTALLATION

This product can mount to either a 4" square electrical box with round plaster ring or an octagonal electrical box (not included).
