Install the Fixture

- 1 With the provided Allen wrench, loosen (do not remove) the set screw on the fixture base.
- 2 Remove the mounting plate from the fixture base.
- 3 Connect the fixture to a suitable ground in accordance with local electrical codes.
- 4 Connect the white input driver wire to the neutral power line with a wire nut.
- 5 Connect the black input driver wire to the hot power line with a wire nut.
- 6 Properly place all wires and wire nut connections into the junction box and install the mounting plate to the junction box with the two #8-32 screws provided.
- 7 Mount the fixture base onto the mounting plate, and secure it in place by tightening the set screws using the provided Allen wrench.
- 8 **Model 700WSPHB33 Only:** Screw the diffusers to the fixture.
